

GROWLER manufactures the M1161 Light Strike Vehicle (LSV) and M1163 Prime Mover (PM). These vehicles are used by the United States Marine Corps and fielded as light attack vehicles to support expeditionary forces. The M1161 and M1163 are the only production tactical vehicles certified by the US Military to fly in the V-22. Our design includes a hinged pintle hook, and a removable and collapsible roll cage.
